BRAY CONSTRUCTIONS

ALSO WINNER OF
RENOVATIONS
& ADDITIONS
OVER \$500,000

An existing house on this site was gutted so it could be rebuilt into a home tailor-made to the clients' needs. The result is a well thought out and constructed family home. The building capitalises on views of Port Phillip Bay, Mornington and Mills Beach.

There's a roofline full of dramatic angles, and fabulous exposed ceiling beams inside to match.

Our judges commented: "This was a fresh, smart transformation of a very sad dwelling to one that now offers a spacious contemporary environment. All the elements are clean, crisp and inviting."
